RULES FOR MUSIC DANCE

To send to your music man

Inside of “La Bastide Saint Antoine”

To enforce a law from December 13rd, 1999, “La Bastide Saint Antoine” must to install a regulator for decibel level, to be in accordance with the law concerning the decibel level.

All of disc jockey or music group playing live music, must connect their sound system by the one of own. They should have a simple mixing console that it can be connected with our sound system. Please note that a growing mixing console is forbidden, it should have a sound regulator.

If they do not respect this rules, we must cancelled the evening event.

A contract will be signed when the person in charge of your animation should come with you for a quick view of our systems.

Any damage caused will be at your cost, also the disagreements caused to our hotel clients. Moreover the Disc Jockey will have to be chosen from the list above except if there is a special request and authorisation from M. Chibois himself.

We inform you that propositions are not a contract, and according to the constraints and the necessities of the establishment, we beware of right to change anything for evening organisation.
